# Bridging stakeholders driving Egypt's infrastructure growth

Egypt continues to strengthen its position as one of the region's most active infrastructure markets, with a project pipeline valued at \$400 billion. From the New Administrative Capital, new logistics zones and nationwide water and sanitation upgrades to mega projects such as the High-Speed Rail Network and Cairo Metro expansions, the country is entering a new phase of large-scale, sustainable development.

Egypt's continued investment in infrastructure is driving economic transformation, improving regional connectivity, and supporting long-term growth across key industries.

Supporting this momentum, Egypt Infrastructure Expo, organized by dmg events, serves as a dedicated platform that supports the country's ongoing drive to expand and modernize its infrastructure. Now in its 4th edition, the event brings together government authorities, project owners, local distributors, contractors and global suppliers to create meaningful connections and drive real progress across transport, power, water, logistics and digital infrastructure.

Co-located with Big 5 Construct Egypt, the expo expands dmg events' regional footprint and provides a trusted environment for business, partnership and investment-led discussions.

Exhibiting in 10+ Countries

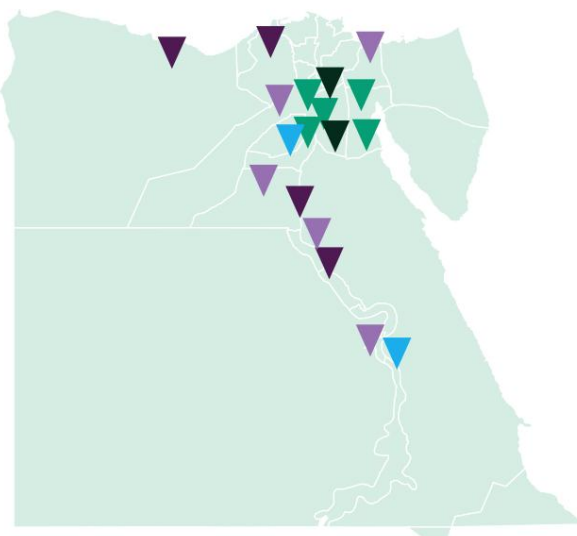

Infra Round-tables

# Driving regional connectivity through Egypt's expanding infrastructure

Egypt plays a strategic role in the region's infrastructure landscape, connecting Africa, the Middle East and Europe through a growing network of transport and digital projects. Supported by national plans such as Egypt Vision 2030 and large-scale investment programs, the country continues to develop modern highways, new city projects, upgraded ports and expanded power capacity.

Flagship developments, including El Dabaa Nuclear Power Plant, Cairo Metro Expansion, Zaafarana Wind clusters and the nationwide electricity and desalination programs, are shaping a stronger, more connected economy. With strong government commitment and an active projects pipeline across all key sectors, Egypt offers a stable environment for investment and long-term infrastructure growth.

## Egypt's top projects:\*

Transportation • \$115.70bn	
Cairo Metro Expansion	\$29bn
National High-Speed Rail programme (Mediterranean–Red-Sea / nationwide HSR)	\$23bn
Monorail Projects	\$4.1 bn
Suez Canal Economic Zone (SCZONE) Investment pipeline / ports)	\$11 bn
Suez Canal Container Terminal	\$500mn

Communications • \$3.7 billion	
National 5G rollout	\$2.7bn
Telecom Egypt Regional Data Hub (RDH)	\$260m

Waste • \$1.2 billion	
Solid Waste System Infrastructure, Phase 5 (multi-governorate)	\$565mn
Greentech WtE Project	\$500mn

Power • \$81.4bn	
El Dabaa Nuclear Power Plant	\$28bn
Zohr Gas Field Development & Processing Plant	\$4bn
Benban Solar Park	\$4bn
ACWA / Large Wind Farm	\$2.3bn
Gabal El-Zeit / Zaafarana Wind Clusters	\$400mn

Water • \$4.2 billion	
National Desalination & Water Treatment Programme	\$2.8bn
New Administrative Capital Mega Water Treatment Plant	\$1.3bn

**Showcase your solutions** and engage with decision-makers, project owners and investors driving growth across Egypt's opportunity-rich markets.

# Showcase products in demand by active buyers

Egypt Infrastructure Expo offers exhibitors a comprehensive platform to showcase their solutions and products across key infrastructure sectors supporting the nation's future.

Here are the key product sectors under the spotlight:

## Airport Infrastructure

- Airfield infrastructure • Airfield navigation and safety systems • Airside fueling and power • Cargo handling equipment • Digital systems and control technologies
- Ground support equipment (GSE) • Passenger terminals
- Warehousing and logistics

## Digital Infrastructure

- Cloud and enterprise ICT • Data centers
- Smart city technology • Telecommunications infrastructure

## Road Infrastructure

- Civil works and construction systems • Road freight and logistics infrastructure • Road furniture and safety • Traffic management and control systems • Tunnel and bridge operations

## Smart Cities Solutions

- CAFM
- FM software and related technologies • Geospatial technology • Information management and data science • Power and energy • Safety and security - Access control
- Safety and security - Fire protection • Sustainability and environment • Urban living • Urban mobility and transport

## Rail Infrastructure

- Cargo handling equipment • Digital systems and control technologies • Passenger access and mobility systems • Platforms and stations • Power and energy systems • Rail trackworks and components • Resilience

## Power Infrastructure

- Backup and resilience systems • District cooling and heating • Energy and power infrastructure • Renewable energy systems

## Port Infrastructure

- Rolling stock • Signaling and control systems • Warehousing and logistics
- Cargo handling equipment • Channel deepening and maintenance • Digital systems and control technologies • Land reclamation • Marine equipment • Marine structures • Power and energy systems • Warehousing and logistics

## Waste and Environmental Management Infrastructure

- Recycling • Waste management

## Water Management and Infrastructure

- Bulk water transmission • Sewer networks and pumping stations • Stormwater and flood protection • Wastewater management • Water supply and desalination

# Where expertise and opportunities meet

## The Exhibition

Showcase your solutions alongside leading exhibitors from across Egypt and beyond and gain unmatched visibility among key decision-makers, buyers and industry leaders actively seeking new suppliers, partners and service providers. Position your brand at the center of innovation and opportunity, where local and international expertise meets real business growth.

**Book your stand** and secure your place at Egypt's premier infrastructure event.

## infra360 sessions

Running alongside the exhibition, Infra360 Talks offers a dynamic platform for learning, innovation and engagement. These sessions bring together industry experts and decision-makers to explore new technologies and solutions shaping the infrastructure sector. For exhibitors, it's a commercial opportunity to showcase expertise, demonstrate products in action and position your brand as a trusted industry leader.

**Partner with us** As a session sponsor to showcase expertise, share insights and engage directly with senior professionals shaping the region's infrastructure future.

## Infra Round-tables

The Egypt Infrastructure Expo Roundtables will gather C-level leaders for strategic, high-level conversations on the country's evolving infrastructure landscape. This exclusive platform fosters open dialogue, shared insights and stronger industry connections, giving participants a valuable opportunity to engage directly on emerging priorities and future projects.

To sponsor a discussion or take part in one, **contact us** to explore available opportunities.

## BIG 5 EGYPT IMPACT AWARDS

The Big 5 Egypt Impact Awards celebrate the companies and innovators shaping the future of Egypt's construction and infrastructure industry, offering powerful visibility and recognition. By participating or sponsoring, organizations position themselves at the forefront of excellence, gain exposure to key decision-makers and demonstrate their commitment to driving progress across the sector.

Submit your entry today, or **contact us** to explore sponsorship opportunities.

# Connecting you to qualified professional buyers in Egypt's infrastructure sector

**Government**

**Public Utilities**

**Regulators**

**Consultants**

**Contractors**

**Project Managers**

**Engineers**

**Procurement Professionals**

## Expand your Business with us

### Gain Quality Leads and Business Deals

Demonstrate your expertise to a targeted audience at the event to secure deals and position your brand as a leader in the infrastructure sector.

### Unlock Opportunities

Egypt's ambitious infrastructure development plans and significant investments present prime opportunities for businesses to tap into this emerging market.

### Connect With Industry Leaders

Network with key professionals and decision-makers from relevant sectors. Explore collaboration opportunities with engineers, contractors and government officials to drive business growth.

### Stay Ahead With Market Insights

Stay updated on the latest trends, technologies and regulations in Egypt's infrastructure sector through panel discussions, expert presentations and workshops.
